Sponsorship!

May 2024

Sometimes sponsorship

makes the difference between

- Living with family or being sent out to work, sometimes as young as 8
- Enrolling in school this term or missing a whole year.
- Having needed school supplies or not.
- Getting a coat or blanket before winter or not.
- Getting Christmas gifts or not.

Sponsorship provides the operating budget for our children's homes and schools, where children from all kinds of backgrounds are hearing God's Word regularly.

To sponsor a child, please contact our office by mail or phone, or through our web site.

\$30/month

It makes a difference.

100% of gifts for sponsorship or projects go to the field

Every year we gather the children in each of our sponsorship programs for new photos progress reports. In Oct-Nov 2023, Michael and Sue Cook traveled through Nepal for 3 weeks to gather all of these materials for our own records and also to pass on to each sponsor. Many of the groups had prepared a program for the occasion with songs, cultural dance, and Bible verse recitation. Each child was given a new backpack filled with hygiene items and school supplies.

Backpacks for school!
